

Oharai-machi and Okage-yokocho

Oharai-machi extends to right to the entrance to the inner shrine. It has retained a number of historic structures including buildings with features such as *kirizuma* and *tsumairi* (side and front gables). Enjoy various local dishes at the shops here and buy some souvenirs from Ise Shima and the rest of Mie Prefecture.

At Okage-Yokocho, pick up leaflets, and visit lots of places!
